stock Spray, at Fly Drug Co.

Mrs. Madhail Fohn returned
Monday from a visit with her moth-
er, Mrs. Will Harris, in Devine and
with her daughter, Mrs. Williams,
in San Antonio.

Mr. A. G. Walker was able to be
moved Sunday from the Medina
Hospital where he underwent a
major operation the Monday be-
fore. His son, Earl Walker, of Heb-
bronville, visited his father here
last week.

Mr. and Mrs. Paul E. Reger left
Oct. 10th for Julian, Neb. Lt. Reger
will proceed to Sioux City, Iowa,
where he will receive his honorable
discharge from the Army Air For-
ces. Mrs. Reger is the former Myra
Brucks, daughter of Mr. and Mrs.
Walter A. Brucks of Dunley.

T/Sgt. Bradley Bailey and James
Bailey, C.M.M., in the Seabees, are
both at home after being honorably
discharged. They are the sons of
Mr. and Mrs. Raymond Bailey.
Bradley spent over three years in
Africa and Italy, coming home last
January on furlough and then re-
turning to Italy. James spent 14
months at Pearl Harbor.

Cpl. Jack Speece, who is under
treatment at Brooke General Hospi-
tal, San Antonio, spent the week-
end here with his family. He was
accompanied by his buddy, Cpl.
Thurman Capt. of Houston, who is
also at Brooke. The two boys went
through the terrible ordeal togeth-
er as prisoners of the Japs in Bur-
ma and Thailand after the fall of
Java.

Rev. and Mrs. C. R. Brewster
are attending Annual Conference
of the Methodist Church in San An-
tonio this week. Mr. S. O. Woolls
is Lay Delegate and Henry Hollo-
way is delegate to the Older Boys'
Conference. Several others from
Hondo are attending the Confer-
ence. At this conference 250 Metho-
dist Preachers will receive their
appointments for another year.

Mrs. W. F. Thompkins, Jr. and
little son, William F. Thompkins III,
left Tuesday for Washington, D. C.,
for a visit with Mrs. W. F. Thomp-
kins, Sr. They will also visit rela-
tives in Richmond, Va., and New
York City. Before returning home
they will visit Mrs. Thompkins' sis-
ter, Mrs. John Braham, and Mr.
Braham, in Kalamazoo, Michigan.
Her younger son, Tommy Thomp-
kins, is remaining here with his
grandparents, Dr. and Mrs. Thos.
B. Knopp.

B-24 CRASHES NEAR HONDO FIELD THURSDAY MORNING

In a take-off flight early Thurs-
day morning, Oct. 18, a B-24 from
Hondo Army Air Field crashed in
flames and burned about a mile
north of the field. A number of the
occupants perished. Army authori-
ties are investigating, and official
report of the number and names are
not available at the hour of going
to press.

ANNIVERSARY CELEBRATED

Sunday, Sept. 30, 1945, Mr. and
Mrs. Henry J. Boehle, of Quihí,
celebrated their twenty-fifth wed-
ding anniversary at the Quihí Gun
Club Hall. At noon delicious barbe-
cue, salads, pickles and pies were
served. Everyone enjoyed them-
selves by playing cards, talking and
dancing. Mr. and Mrs. Boehle re-
ceived many beautiful gifts. All
those present were Mr. and Mrs.
Henry J. Boehle and their children,
S/Sgt. and Mrs. Milton Theis, Mr.
and Mrs. Jno. Henry Boehle and
Merlin, Mrs. Emil Graff, Mrs. Rosa
Boehle, Mr. and Mrs. And. Eckhart,
Mr. and Mrs. H. G. Boehle, Mr. and
Mrs. Walter Graff, Mr. and Mrs.
Ben Graff, Mr. and Mrs. Louis
Grell, Mrs. Leon Mangold, Mr. and
Mrs. Armin Breiten, Mr. and Mrs.
Edwin Boehle, Mr. and Mrs. Alvin
Brucks, Mr. and Mrs. Henry Saat-
hoff, Mr. and Mrs. Joe Steidle, Mr.
and Mrs. George Brucks, Mr. and
Mrs. Milton Brucks, Mr. Herbert
Moehring, Mr. and Mrs. Jul Jagge.

Also Mr. and Mrs. Rudolph Haby,
Mr. and Mrs. Willie Boehle, Mr.
and Mrs. George Boehle, Sgt. and
Mrs. Louis Boehle, Pvt. and Mrs.
Stanley Phillips, Mr. and Mrs.
Johnny Whittle, Mrs. Oscar Sulli-
van, Mr. and Mrs. Frsd Menk, Mr.
and Mrs. Dan Menk, Mr. and Mrs.
Oscar Etter, Mr. and Mrs. Fritzie
Hartman, Mr. and Mrs. Sterl Haby,
Mr. and Mrs. Hugo Wurzbach, Mr.
and Mrs. Chas. Schlentz, Mr. and
Mrs. Willie Brucks, Mr. and Mrs.
Joe Boehle, Mr. and Mrs. Rudolph
Schott, and Woods.

Misses Crystal, Shirley, Pat Doris
and Annadell Boehle, Doris Moeh-
ring, Barbara Brucks, Joanna Saat-
hoff, Pat Mangold, Dorothy Grell,
Judy Hartman, Carolyn Sullivan,
Lloyd, Arlean, Sonny Graff, Jr.,
Saathoff, Wayne King, Hilmer,
Aaron and Wilfred Boehle, Royce
Hartman, Ferdie Mumme, Sonny
Schott, Herman Brucks and George
Brucks, Jr.

At a late hour everyone enjoyed
supper and also some of the beauti-
ful wedding cake. At about six
o'clock everyone departed for their
homes wishing Mr. and Mrs. Boehle
many more happy married years.—
Contributed.

FINAL ORGANIZATION OF B&PW CLUB EFFECTED

Important business matters ef-
fecting the final organization of
the Hondo Business and Profession-
al Women's Club took up the
major part of the meeting of the
group Tuesday night, Oct. 16, in
the community building of Naviga-
tion Village. Completion of details
and fundamental rules to be incor-
porated in the Constitution and By-
Laws were carried out prior to
joining the National and State Fed-
eration of Business and Profession-
al Women's Clubs.

The District Convention is to be
held Nov. 17-18 in Beeville, Texas,
with Miss Lucille Newton, presi-
dent, representing the Hondo club.
Other delegates elected are Mrs.
Lillian Hubert and Miss Anne
Davis, with Mrs. Christine R. May-
berry as alternate.

Mrs. Arthur H. Rothe was elect-
ed a new member.

The organization voted to spon-
sor a benefit game party to be held
Tuesday, Oct. 30, at 8 P.M. in the
Community building. The commit-
tee in charge will be Miss Thelma
Lynch, Miss Nora Karrer and Mrs.
Lillian Hubert.

Following the close of the busi-
ness meeting, the hostesses for the
social hour, Mrs. Ed. Cameron and
Mrs. V. H. Boon served refresh-
ments of apple pie, cheese and
coffee. There were twenty-one
members present.

Hostesses for the November
meeting will be Mrs. R. M. Chap-
man and Miss Mary Ruth Cameron.

NOTICE TO TAXPAYERS

Discounts for early payment of
all State, County, Bond and Com-
mon School taxes for 1945 are as
follows:

If paid in October 3%
If paid in November 2%
If paid in December 1%.

On written request, a statement of
amount of taxes due will be sent
you and payment can be made by
mail.

Pay your taxes early and take ad-
vantage of this saving.
JAMES R. DUNCAN,
Tax Assessor-Collector
Medina County, Texas.

POSTED

Our pastures at Dunlay and Quihí
are all posted and any hunting with
dogs or guns is strictly forbidden.
Wm. H. Schmidt, Otto A. Schmidt,
12-30-45pd

NEWS NOTES

From The
Flight Engineer School

Issued by the Public Relations Office, AAFES, Hondo, Texas.

TWO SEPARATION CENTERS DISCHARGE 3,528 IN WEEK

Randolph Field and Ellington
Field, the AAF Central Flying
Training Command's two separa-
tion bases, processed 1,395 officers
and 2,133 enlisted men, a total of
3,528, from military to civilian
status during the seven days end-
ing October 14, it was announced
here today.

Added to the 4,999 officers and
enlisted men separated at these
two AAF Separation bases during
the previous three weeks, last
week's figures bring the number to
8,527 Air Forces personnel return-
ed to civilian life at these two CFTC
installations during their first four
weeks of activity as Separation
bases.

Both Ellington Field and Ran-
dolph Field hit the 300-par-day
mark during the week and it is an-
ticipated that this figure will be
substantially increased within the
next few weeks.

Separation quotas assigned the
AAF Central Flying Training Com-
mand for the period October 17
through October 23 is 3,664 officers
and 3,253 enlisted men; a total of
6,917 for the seven day period, it
was revealed. These men will be
separated at the AAF Separation
bases nearest their homes.

AAF enlisted personnel, with the
exception of volunteers, who have
Adjusted Service Rating scores of
36 and over, computed as of Sept. 2,
or who are 34 years of age or older,
will not be shipped overseas.

WAC enlisted personnel will not
be sent overseas regardless of Ad-
justed Service Rating scores.

All male enlisted personnel in the
Central Flying Training Command
with an ASR score of 70 or more as
computed on Sept. 2 automatically
became eligible for separation
on October 1. Thirty-six points made
enlisted members of the WAC eli-
gible.

Male officer personnel with 75
points and WAC officer personnel
with 39 points became eligible.

This does not mean, however, that
those qualifying under the newly re-
duced point schedule will rush
immediately to separation centers.

For there are still many others with
a higher point rating and who qual-
ified under previous schedules who
have not yet moved to the separa-
tion bases, and who must be pro-
cessed before new eligibles may be
separated.

Another cut in required points, to
60 for male enlisted personnel and
to 34 for WAC enlisted personnel,
will become effective Nov. 1.

HAAF BECOMES AUXILIARY SEPARATION CENTER

In a move designed to speed up
the already accelerated Army Air
Forces separation program, now be-
ing conducted at 32 AAF Separation
bases scattered throughout the
United States, nine additional sta-
tions of the AAF Central Flying
Training Command will set up
machinery for the separation of
their own eligible personnel.

This program, the announcement
from AAF/CFTC headquarters at
Randolph Field revealed, will go in-
to effect immediately at the follow-
ing stations:

ATTEND DISTRICT MEETING

Mrs. Christine R. Mayberry,
County Home Demonstration agent,
and C. M. Merritt, County agricul-
tural agent, attended a two-day
conference of District 10 Monday
and Tuesday in San Antonio. The
meetings were conducted by Miss
Leta H. Bennett, District H. D.
agent, and Floyd Lynch, State Agri-
cultural agent. The theme of the
conference was "Plans and Policies
of Extension Service" as they ap-
plied to District 10, which is com-
posed of 25 counties. Main speak-
ers were Dr. Ide P. Trotter, State
Director of the Extension Service,
and Miss Maurine Hearn, Vice-
Director and State Home Demon-
stration agent.

Miss Bennett came to Hondo
Wednesday following the confer-
ence to meet with Mrs. Mayberry
and the County H. D. Council Year-
book Committee in planning the
county work for 1946. Members of
the Committee are Mrs. Hugo
Adams, LaCoste Club; Mrs. For-
rest Rotramel, OMKT Club; Mrs.
Ernest Dunderstadt, Hondo Naviga-
tion Village Club, and Mrs. Matt
Bader, LaCoste Club.

POSTED

Our pastures are posted. Hunting
with guns or dogs is forbidden.

H. E. GRAFF
MISS EMMA GRAFF
A. J. GRAFF Pd 12-28

FOR SALE

Thousands of boxes, thousands of
cords of short scrap lumber, plywood
and kindling. Open every day.
South Kelly Field, Gate 27. See
Mike Cassidy, contractor. 4tc.

Hondo Army Air Field, Hondo, Texas; Goodfellow Army Air Field, San Angelo, Texas; Big Spring Army Air Field, Big Spring, Texas; Midland Army Air Field, Midland, Texas; Perrin Field, Sherman, Texas; Childress Army Air Field, Childress, Texas; Enid Army Air Field, Enid, Okla.; Selman Field, Monroe, La.; San Marcos Army Air Field, San Marcos, Texas.

Only personnel stationed at these
nine installations who are eligible
for separation will be processed at
these stations under this program,
it was stated. Such separation will
be made regardless of the home des-
tination of the personnel so separa-
ted.

COMETS TROUNCE GREAT BEND ELEVEN, 27 TO 0

HAAF's Comets trounced the Great
Bend, Kans., airbase eleven, 27 to
0, last Friday night at Barry Sta-
dium in Hondo as a crowd of spec-
tators estimated at 3,000 saw the
local Army squad roll up their first
clear-cut victory of the season.

Many Hondo townspeople were
out for the game especially to see
their own Stanley Hollmig perform,
and they weren't disappointed as
the rangy halfback fired a bullet
pass to Otto Schnellbacher good for
60 yards that set the stage for
Ivan Cunningham to score from the
8-yard line on an end sweep.

The Comets scored in every
quarter except the last. Hondo's
first score came on a safety two
minutes after the opening kickoff
when halfback James LaMotte was
downed behind his own goal line
by the entire Hondo line.

A few minutes later Hondo's
Cunningham, himself a star passer,
sprinted around right end for 26
yards to pay dirt.

Midway of the second quarter,
Hondo's Campbell McKellar made
three successive first downs to put
the Huskies over for another count-
er. Halftime score: Hondo 20,
Great Bend 0.

After eight minutes of the third
period, Cunningham received
George Worley's punt on the Hondo
30 yard line and raced down the
sidelines for a thrilling 70-yard run
to a touchdown with the aid of ex-
cellent blocking by linemen Harry
Meyer and Joe Bushek. Fullback
Goot's kick for the extra point.
Both clubs bogged down in the
fourth under heavy substitutions.

COMETS PLAY IN OMAHA STADIUM TOMORROW

Hondo Field's Coach Bob Coe
today pronounced his Comet eleven
groomed and ready for its toughest
game of the season Saturday after-
noon, with the Fort Warren, Wyo.,
squad. The Comets and the Broncos
lock horns in Creighton Stadium in
Omaha, Neb.

It was the mighty Wyoming team
that last week held Minnesota Uni-
versity to two touchdowns, while
Hondo's club was trouncing Great
Bend, Kan., 29-0, 27 to 0.

The Comets are scheduled to fly
to Omaha today. The game will be
broadcast by a radio station in
Omaha and the Cheyenne, Wyo.,
station.

FORMAL INITIATION OF NEW MEMBERS

The F. H. T. Club held a formal
initiation of the new members of
the club in the High School Audi-
torium on October 2, 1945.

The new members entertained
the old members with a short pro-
gram.

The officers of the club had a
candlelight initiation ceremony of
accepting the new members into the
club. The program ended by the
singing of the club's theme song,
"Sing Your Way Home".

After the meeting, cake and
punch were served to the members
and their guests, the mothers of
the new members. The table was
laid with a lace tablecloth and using
white asters and blue candles as the
centerpiece, carrying out the club's
colors.

The new members are as follows:
Catherine Bendele, Joan Boon,
Anna Marie Braden, Harriet
Brucks, Doolie Crow, Carolyn Eck-
hart, Margaret Franks, Ruby Nell
Horn, Laura Alice Howard, Betty
Jo Morgan, Diane Muennink, Doro-
thy Prescate, Fay Dell Rath, Ann
Reilly, Billy Mae Rankin, Jane
Rath, Jean Taylor and Grace Ward.
—Reporter.

YOUNG MEN WANTED

Experience unnecessary. Oppor-
tunities offered to young men wish-
ing to learn a trade. Woodworking,
mill and bench assembly, metal and
porcelain fabricating, glazing, elec-
trician and other interesting jobs.
Permanent work with advancements.
Apply in person or write, giving age,
previous occupation or vocational
preference. Ed Friedrich, Inc., 1117
East Commerce St., San Antonio, 4t

HIGH SCHOOL BOY DEAD

Funeral services are being held
at 4 P. M. today (Thursday) at
Hogger funeral home for Calvin
Lindeburg, 17, son of Mr. and Mrs.
Henry Lindeburg, of Quihí. The
young Hondo High School student
and a member of the Owl football
team died at 1 P. M. Wednesday,
Oct. 17, 1945, in a San Antonio
hospital. Rev. Wheeler of the New
Fountain Methodist Church is con-
ducting the services and interment
will be made at Quihí. Complete
obituary will be given next week.

REGIONAL MEET OF D.K.G. TO BE HELD IN UVALDE

The regional meeting of Gamma
Pi, Gamma Rho and Gamma Upsi-
lon chapters of Delta Kappa Gam-
ma, a national sorority for women
in educational work, will be held
Saturday, October 27, in Uvalde.
Members of Gamma Upsilon from
Uvalde will serve as hostesses. The
region is composed of Pearsall,
Eagle Pass, and Medina-Uvalde-
Real counties.

Headquarters will be in the City
Hall of Uvalde and registration will
begin at 10 A. M. in the club room.
Coffee will be served during the
registration period in the dining
room followed by roll call and a
sing-song. Initiation will also be held
in the club room and the program
will begin shortly thereafter with
Sarah Miltia Hill, second vice presi-
dent of the State organization, of
Sul Ross, Alpine presiding.

Four panel discussions will be
conducted as follows: "Member-
ship", by Inez MacFarland; "Pro-
gram Planning", by Nora Karrer;
"Special Emphasis", by Lillian Cor-
nett, and "Let's Do Things the
Right Way", by Josie Rothe Finger.

Luncheon will be served at 12:30
P. M. in the banquet hall of the
Kincaid Hotel.

Mrs. Frank Nowicki of Uvalde is
chairman in charge of arrange-
ments.

W. H. D. CLUBS TO SPONSOR BAZAAR AND EXHIBIT

The Community building of Navi-
gation Village in Hondo will be
the site of a bazaar and exhibit
that will feature Annual Achieve-
ment Day for the Women's Home
Demonstration Clubs of Medina
County Saturday, Oct. 20, begin-
ning at 10 A. M. The public is in-
vited to attend and will have an
opportunity to see the work accom-
plished by the twelve clubs and to
purchase articles which they have
made. Coffee and cake will also be
on sale. Proceeds of the sale will go
to the County Home Demonstration
Council.

Exhibits will be the following:
"Well Planned Pantry For a Family
of Four"; "Foods Using Sugar-
less Recipes"; "Homemade Soap";
"Homemade Cheese"; "Re-bottom-
ed Chairs"; "Articles Made From
Sacks"; "Handmade Handker-
chiefs"; "Leather Goods"; "Shell-
craft"; and "Garden Grown Vegeta-
bles".

All clubs participating must have
their exhibits at the building by
8 A. M. Saturday.

Achievement Day is the culmina-
tion of the demonstrations given
to the clubs by Mrs. Christine May-
berry, County Home Demonstration
agent, during the past year.

O. E. S. MEETS

Hondo Chapter No. 404, O. E. S.,
met in regular session Monday
night, Oct. 16, at Masonic Hall with
Mrs. Willie Barton Fly, Worthy
Matron, presiding. After the clos-
ing services, an old fashioned sing-
song was enjoyed by all present
with Mrs. Cornelia Deloney con-
ducting. Mrs. Fly and Miss Willie
Fly served delicious sandwiches
and coffee during the social hour.
Mrs. Zelma Schoepfer, of Army
Chapter, San Antonio, was an ap-
preciated visitor. Mrs. Schoepfer is
now a resident of Hondo.

The next regular meeting will be
Nov. 19th. Watch for this an-
nouncement.

FUTURE FARMERS MEET

The Hondo Chapter of Future
Farmers held a meeting Wednes-
day night, October 10, with the
president, Arthur Dawson, presid-
ing.

The purpose of the meeting was
the initiation of all greenhands.
They were initiated in the formal
manner first. This consisted of all
greenhands being led around the
room to each officer and a piece
said by each. After this they were
put through a few other things to
test their endurance. The initiation
also consisted of wearing a girl's
ensemble to school Thursday and
short pants Friday.

After the meeting everybody re-
ceived two bricks of ice cream and
then went home.

NEWS NOTES

Music Hath Charm

This may depend on the type of
music that one enjoys. However, in
the attempt of the club to satisfy as
many as possible, the music room
was set up. In this room on Friday
evenings, a classical hour is held.

At other times the sound of "so-
lid jive" may be heard emanating
from that portion of the club. An
invitation is extended to all music
lovers—whether classical or not—to
avail themselves of the use of the
room.

Dancing Feet

An informal dance will be held
October 20th. Dancing will be held
at the club on Saturday evening
to the strains of Nick L. O'Dem.
Gdab your partners and "let's
dance."

Program for Sunday

On Sunday the club offers a So-
cial Hour from three until four.
Shellcraft from two until six and a
movie. Featured this week will be
a comedy—"Saps at Sea" with
Laurel and Hardy.

Third Anniversary Party

The Hondo Club will celebrate its
Third Anniversary with an open
House at the club on October 28th.
This will be held from the hours of
three until seven. Keep that date in
mind and come to help us celebrate
this occasion. There will be surprises
for the Military, too.

Wives

An invitation is extended to all
Wives of Military to attend lunch-
eon at noon Tuesday. This is fol-
lowed by a leather craft class. Mesdames
Orlean Morneau, Doris Creagor and
Belle Karr were hostesses for the
Tuesday Luncheon.

Shutterbug Club

The Shutterbug Club will hold
its regular meeting at the club on
Monday at 7:30 p.m. If you

WEEKLY NEWS ANALYSIS

Settlement of Oil Workers' Pay May Set Reconversion Pattern; Ease Curbs on Consumer Credit

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

Their guns taken away, Jap naval shore patrolmen walk streets with wooden staves to maintain order among disarmed sailors in Tokyo.

LABOR:

U. S. Acts

Acting energetically, Secretary of Labor Lewis Schwellenbach took the all-important oil workers' wage dispute virtually in his own hands by transferring negotiations to Washington, D. C., in an effort to effect a settlement that was expected to set a pattern for the reconversion period.

With the Oil Workers' union demand for a 30 per cent wage increase embodying the program of other powerful CIO organizations, and with the oil companies' offer of a 15 per cent boost representing the usual compromise, final disposition of the case would go far toward determining the amount of "take-home" pay for employees during the ensuing months.

Schwellenbach's decision to shift the parley to Washington, D. C., from Chicago, Ill., followed upon an early deadlock in the bargaining over the union's insistence that the dispute be settled on an industry-wide basis and the companies' stand that contracts should be signed by individual plants.

Meanwhile, over 1,500,000 persons were affected by the strike of AFL elevator operators and building service employees in New York, with business losses running over \$1,000,000 a day and production of winter and summer garments virtually stopped. Balking at a war labor board award of \$28.05 for a 44 hour week, the union asked \$30.15 for a 40 hour week.

JAPAN:

Historic Precedent

September 27, 1945, went down in history as the red-letter day on which a Japanese emperor, unbending himself in defeat, made a personal call upon a victorious U. S. commander to break all precedent.

God to his people, small, wiry Hirohito, in formal morning clothes and high silk top hat, was very much man to Gen. Douglas MacArthur, who, steeped in occupational duties, met him in informal military attire and without a tie.

Motoring to the American embassy in Tokyo for the visit, Hirohito made his call just as MacArthur set about shaping plans for the re-education of the Japanese people and stripping Nippon of all its war-making potentialities by an economic reformation.

In recasting the Japanese mind, MacArthur chose to pursue the present policy of working through native personnel. Japanese press, radio, movies, government information bureaus, schools and various social groups would be used as mediums for the dissemination of democratic principles and ideals for world co-operation.

In Japan's economic reformation, the U. S. will strive for the eradication of all potential war industry, confining the Nipponese merely to civilian production. At the same time, efforts will be made to break up the business monopoly of the four great houses of Mitsubishi, Fuyo, Sanwa, and Sumitomo, and promote widespread ownership and trade. Organization of labor and agricultural organizations also will be encouraged.

Meanwhile, Japanese economic experts called for a resumption of trade with the U. S. to speed Nippon's postwar recovery and stave off impending privation. In return for American cotton, wool, salt, oil, iron, sugar and leather the Japanese proposed exports of silk, gold, porcelain ware and lacquer goods.

TIRES:

Demand Mounts

While the production of new automobile tires is making fair progress, prospects for the elimination of tire rationing in the near future are not promising, according to the National Automobile Dealers association.

Although the tire industry is planning on the production of approximately 12 million tires between October and the end of the year, some will be reserved for new cars.

CREDIT:

Ease Controls

In a move hit by OPA because of inflationary possibilities, but rapped by finance companies because of its restricted scope, the government removed all credit controls over building renovation and eased regulations on loans for services or non-essential purchases.

Remaining unchanged in view of popular demand and limited supply was the 12 month credit repayment for washing machines, vacuum cleaners, bed linen, mattresses, boats, watches, cameras, automobiles, pianos and furniture.

Though OPA resisted the restricted easing of credit regulations for fear of a scaling of prices upward in face of heavy buying, certain financing groups declared that continuing restrictions placed low income classes at a disadvantage and price control and rationing assured market stabilization.

ARGENTINA:

Buck Change

Problem center of South America, Argentina was under another state of siege as the government of Pres. Edelmiro Farrell, controlled by Col. Juan Peron, rounded up economic, political and labor leaders following an ill-fated attempt to overthrow the present regime.

In extending military rule and suspending constitutional guarantees of speech, press and assembly, the government declared that it was forced to move to stem "a growing campaign aimed at alteration of the (existing) order and conducted by the oligarchy (powerful interests)." Liberty would be restored when the various groups would know how to use it, Farrell added.

The abortive revolutionary attempt by two top Argentine generals followed close upon the heels of widespread demonstrations of democratic elements against the pro-military Farrell-Peron regime, maintaining the present economic and social setup in the face of persistent demands for its liberalization.

Colonel Peron

JOBLESS BENEFITS:

Shelve Bill

Declaring that the current wave of strikes has confused the question of whether a real need exists for the lengthening of unemployment compensation payments up to 26 weeks, the powerful house ways and means committee held up a senate bill providing federal aid for extension of benefits.

By its action, the house group dealt a body blow to President Truman's program for jobless aid, since the senate in passing a modified bill previously had refused to boost unemployment compensation up to a maximum of \$25 weekly. The senate measure would have permitted the federal government to advance sufficient sums to the states to spread jobless payments over 26 weeks.

House committee rejection of the bill stirred labor's wrath, AFL Pres. William Green accusing the congressmen of "callous disregard of human needs," and CIO Chieftain Philip Murray calling upon the CIO and its Political Action committee for an all-out drive to "secure reversal of this shameful act."

ARMY SEEKS MISSING

Army "search teams" are combing the battlefields of Europe and the Pacific for personnel now listed as missing.

Consisting of five soldiers, one of whom speaks the language of the locality, search teams are assigned a certain area of approximately one and one-half square miles. Information on missing personnel is consolidated to speed investigation.

OIL:

U. S.-British Pact

Virtual monopolists in oil, the U. S. and Britain came to an understanding for the orderly development of petroleum trade in the post-war world in a pact fashioned in London by Secretary of the Interior Ickes and British officials and subject to senate ratification.

Removing vigorous opposition to any control over domestic production as envisaged in a previous agreement later repudiated by the U. S., the new pact only provides for advisory regulation of American and British operations overseas. Both countries have extensive oil holdings in foreign lands, notably in the middle east, where deposits are reportedly as great as in the U. S.

In drawing up the agreement, Ickes and British Fuel Administrator Shinwell provided for mutual respect of all concessions and rights obtained by either country, and also pledged non-interference with operations.

MEAT:

More Available

Because of the seasonal increase in the marketings of range fed cattle, OPA removed point requirements for lower grades of beef, veal and lamb through most of October, and also made hamburger, lamb and veal patties, short ribs and brisket of beef, breast and flank of lamb and shank of veal ration-free.

In addition, points were lifted from such low-grade meat products as sausage, frankfurters, luncheon variety and canned meats.

In contrast, however, the continued tight supply of hogs and finished cattle necessitated the retention of current point values on pork cuts, bacon and other cured meats, and choice selections of beef, veal and lamb. Though fats and oils were kept on the rationing list, point removal on cheaper meat will furnish additional stamps for these items.

Henry II Takes Over

To husky, 28-year-old Henry Ford II, who in college displayed more of a penchant for sociology than engineering, went the presidency of the huge Ford Motor company, following the retirement of his famed grandfather from active service with the firm.

Upon assuming his post, Henry the II declared his ambition was to return Ford to leadership in sales again, the company having trailed Chevrolet throughout most of the decade preceding the war. On his toes, young Ford had shown the new 1946 model last July, only two days after government authorization for resuming civilian production, and the firm was well off to postwar output when impeded by strikes.

Retiring at 82 after having resumed the presidency of his famed company in June of 1943 upon the death of his son, Edsel, Ford declared that he would devote most of his energies to his outside interests, chief of which have been utilization of farm products in industry.

EUROPE:

Occupation Problem

In war or in peace, old General Patton, with a mind of his own continued to make news, the latest occasion being his clash with General Eisenhower over the use of competent former Nazi civil servants for a restoration of German economy to head off threatened chaos this winter.

Besides being asked for an immediate report on the number of former Nazis still holding office in 3rd army territory, Patton also was directed to give Eisenhower a personal accounting of his control over the Bavarian region. For a hard peace, Eisenhower favors a ruthless denazification of Germany's political, educational and economic life, and an early establishment of a Reich living standard no higher than surrounding countries.

Though the first to be called on the carpet, Patton's attitude is known to be shared by other U. S. officers seeking to avert starvation, frost suffering and epidemics this winter in the shattered nation.

FAR EAST:

Native Uprising

Even as Chinese and British forces took over Indo-China, native Annamites rose in rebellion at the prospect of a return of French rule, terrorizing the European population of the state, which normally exports much rice, rubber, high-grade coal, spices and tin.

Frenchmen were the principal targets of native wrath, since many, under protection of Chinese and British guns, have displaced Annamites holding public offices preliminary to re-establishment of French colonial rule.

Strangely enough, the Japanese, who promised Indo-Chinese independence during their military occupation of the country and still remain in force prior to their complete demobilization, have been called upon to help assist undermanned Allied units re-establish peace.

GOOD NEIGHBOR:

Aids Health

Remote, disease-plagued regions of the Amazon systems of Peru and Bolivia have been equipped by modern health measures to progress in human welfare.

The menace of malaria and other tropical diseases has been considerably lessened in the two countries by inauguration of hospitals and medical services by the U. S. and South American nations through the Institute of Inter-American affairs.

TOO much has already been written about the "T." And yet it is surprising the number of sidliners who keep writing in to ask just what the "T" is and how it works. We'll try, with no promise of success, to make it simple—for the last time.

1. The "T" doesn't demand old-fashioned blocking or hard body pressure. It depends more on speed and deception.

2. It needs a hard-hitting full-back who can split an opened line.

3. It needs a fast-moving back who can circle a massed or tightened line.

4. It demands a good passer who can work with deception and smooth ball-handling.

These latter three qualities put heavy pressure on any defense. The greatest pro "T" I ever saw operate was the old Bear brigade with Luckman, Standlee, Gallenau and McAfee, if my memory isn't too fuzzy. They hit you every known way.

Grantland Rice

The greatest college "T" I ever saw at work was Notre Dame's 1944 outfit with Bertelli, Creighton Miller, Kelly and two or three good fullbacks. They fell far away when Bertelli left, who was not only a great passer but the smoothest and trickiest ball-handler I've seen around. Ask Rip Miller, Captain Johnny Whelchel of Navy or Bill Alexander of Georgia Tech.

It's true that the old Bears and Notre Dame's 1943 squad would have been hard to handle under any system. Material makes the system more than any system ever made material. And material has made more coaches than any coaches ever made material.

The main answer to football success is your playing strength—the forward wall and the backfield—your man power. And don't ever let anyone tell you a different story. Football coaches have done great jobs. Their general average is the highest in sport. But the best still need good football players to have winning teams.

After all, they can't rush out on the field and do their own passing, running, blocking and tackling.

Sports Fans' Squawks

Sports fans who move up into the 50 or 60-million class, ranging from ages between 10 and 80 years, are certainly entitled to their beliefs, their squawks, their praise and their blame.

For, after all, they are the big part of sport, the major part by at least 90 per cent. They pay all the expenses, all the salaries. They make both amateur and pro sports possible. And in too many cases they only get shoddy treatment and take the big shove around by both amateur and professional promoters.

They are taken for granted. They are rarely given any consideration from baseball, football, racing, boxing, golf or other sporting directors. They are usually the goats, who have grown accustomed to taking the worst of it. Their hardihood and their capacity for punishment is the most amazing feature of sport.

They are too often packed in after the manner of human sardines at race tracks and other sporting centers. They are too often overcharged.

It has been said there is no law that forces them to take this beating. This is true. But they happen to love their games, whether it is boxing, baseball, football, racing, golf or something else.

They are astonished at little courtesies they are so seldom shown anywhere or any time by the hired people who live off their main outlet for recreation and entertainment.

They are really an amazing breed. They take it on the chin and on the shin, back of each ear, in the stomach and also in the pocketbook.

Courses Too Tough

Take golf, for example. It has always been my belief that any golf course should be trapped only for the star player. Put all trouble out beyond the 200 yard mark which the average player can't reach.

The duffer or average player has enough trouble trying to hit the ball or get his bogeys. Why should he pay uncounted millions to make his golfing life more miserable?

We have built too many golf courses against the skill of the pros and the crack amateurs who, after all, give most of their life to golf—and who pay nothing in return.

Who cares whether a pro shoots a 63 or a 58? Why build courses to keep him from breaking par on courses which the average golfer can't handle in a 95?

The Nelsons and the other par-breaking stars are a breed apart. Let them go around in even 3's. Who cares? But why keep punishing the 98 per cent who pay all the freight?

Golf is our greatest playing game for everyone. It is a friendly and a companionable game, demanding its share of psychology, philosophy, sportsmanship and nerve control—as well as physical skill.

MRS. LYLE BRAGONIER IS TELLING HER FRIENDS

BLOOMINGTON, ILLINOIS.—Mrs. Lyle Bragonier certainly is pleased with Faultless Starch. Here is what she wrote in a letter:

"I surely am very much satisfied with Faultless Starch. It tops any make of starch. I'm through with all other starches. Make mine Faultless every time. I surely will tell my friends about this wonderful starch."

Are you that well satisfied with the starch you are now using? If you are not, why not try Faultless Starch right away and see for yourself why Mrs. Bragonier and so many thousands of other women enjoy this special kind of starch.

WHAT TO LOOK FOR

Here are some of the special advantages of Faultless Starch. Look for them when you try your first box.

You'll discover that Faultless Starch saves several minutes of time when it's time to make hot starch. The reason is—you don't have to cook it. You just cream Faultless Starch with a little cool water and add boiling water while stirring, that's all. No cooking needed.

MAKES IRONING EASY

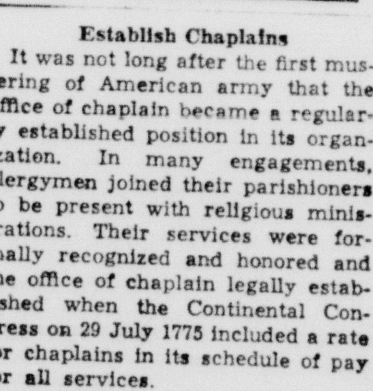

In addition, you will find that Faultless Starch makes your ironing smooth, easy, beautiful. The reason is—Faultless Starch contains ironing-aids that keep the iron from sticking. No more fighting a "sticky" iron. Ironing becomes a joy—not a job.

WON'T BLOW OR FREEZE OUT

Another advantage is that Faultless Starch won't blow out or freeze out on the line. No more starching everything over again.

No wonder people like Mrs. Bragonier say, "It tops any make of starch. I surely will tell my friends about this wonderful starch."

You can enjoy Faultless Starch, too. Just ask your grocer for "Faultless Starch." He has it. Use it next wash day, sure, and save time and work from now on. —Adv.

CHILD'S COLDS

Most young mothers use this modern way to relieve miseries of children's colds. At bedtime they rub Vicks VapoRub on throat, chest and back. Grand relief starts as VapoRub...

PENETRATES to upper bronchial tubes with its special medicinal vapors. **STIMULATES** chest and back surfaces like a warming poultice.

Often by morning most of the misery of the cold is gone! Remember—**ONLY VAPORUB Gives You** this special double action. It's time-tested, home-proved... the best-known home remedy for relieving miseries of children's colds. **VICKS VAPORUB**

Feeder Hotels

Before the war less than 5 per cent of the nation's hotel business was handled by tourist camps. These small establishments are expected to provide much greater competition in postwar years, and some hotel operators, principally in the West and Southwest, have already begun to prepare by buying "outpost inns" to use as "feeders" for their main establishments.

Sewing Convenience

Cornstarch sewed up in a small bag is a hot-weather sewing convenience. Dust it on palms of hands to absorb perspiration when working on white or light-colored fabrics.

Mouth Like Accordion

The mouth works like an accordion when a person is talking. The lower jaw moves up and down, contracting and expanding the size of the mouth chamber.

Picks Up Pins

A small magnet is useful to pick up and hold pins when sewing. Pins can be taken off the magnet easily as needed, and are not so likely to scatter on the floor.

Farm Fatalities

More farm people were killed by accidents in the first two years America was in the war than there were Americans killed in the war itself.

Induces Sweetness

To bring out the natural sweetness of fruits canned without sugar, add one-eighth teaspoonful of salt to each quart of fruit.

Punctured Eardrum

The eardrum may be punctured in certain places without causing any appreciable loss in hearing.

Careless Mechanical Operation Careless operation of tractors and farm machinery causes about half of all farm accidents.

Better Pickling

Cucumbers and green tomatoes are best when pickled within 24 hours of picking.

First Modern Hotel

Boston's \$300,000 Tremont house in 1829 became famous as the first modern hotel.

Imitate Elders

Children learn to talk by listening to the speech of their elders.

Sensible Way To Treat Minor SKIN ABRASIONS

Immediately make the wound antiseptic as a precaution against infection. (1) Cleanse with warm water and good soap. (2) Apply an antiseptic preparation. A fine antiseptic for this purpose is Carboll. The aloe that soothes and helps promote healing. Carboll, 50c at drug stores or write Spaulding-Neal Co., Nashville, Tenn.

Peas Were European

Peas were brought to America by the pioneer settlers. They were extensively cultivated in England, Scotland and Holland.

Fish Storage Varies

Different kinds of fish caught in the Pacific waters require different degrees of freezing temperature.

Cleaning Under Piano

To clean under the piano, take a yardstick, wrap an oiled cloth around it and wipe out the dust.

From where I sit... by Joe Marsh

"We have only just begun to fight"

We were sitting around Bill Webster's fire the other night, enjoying a mellow glass of beer, and talking—now that the war is over—about what Peace really means.

"I can tell you one thing it doesn't mean," says Bill. "It doesn't mean that we can all relax—and take things easy—and figure we're living in Utopia."

"You're right," Judge Cunningham agrees. "Peace means, among other things, eternal vigilance. Free men are still at war with hatred, prejudice, intolerance—whether it's intolerance of a man's political beliefs, or of his right to choose between a glass of beer or buttermilk."

From where I sit, the Judge is absolutely right. Peace means continued vigilance—continued struggle against all the forces of intolerance that caused the last war, and can sow the seeds of future conflict. Maybe we should paraphrase the slogan of a Revolutionary hero: "We have only just begun to fight."

Joe Marsh

HOUSE SWEATING

RUNS INTO MONEY

While sitting in your home on a winter day, did you ever notice droplets of water running down your window pane? This "sweating" is a form of condensation caused by warm, moist air striking a cold surface, and this same action is taking place on your walls, floors, furniture, and draperies. This is called "house sweating" ... and "HOUSE SWEATING" RUNS INTO MONEY.

ADEQUATE, VENTED, AUTOMATIC GAS HEATING PREVENTS "HOUSE SWEATING"

The major cause of house sweating is the excessive moisture in the house produced by combustion. By using VENTED heating equipment, this moisture is delivered directly to the outside through the vent.

However, because of extreme humidity, venting alone cannot eliminate condensation. As long as cold areas remain in the house, some sweating will occur. ADEQUATE heating, when used in conjunction with VENTED heating, evenly warms the entire area to be served ... leaving the warm air no opportunity to condense.

AUTOMATIC heating, with its simple and inexpensive thermostat control, completes the picture of comfortable, convenient, and healthful heating by maintaining exactly the right temperature 24 hours a day without any attention whatsoever. Your home is deserving of the benefits of this wonderful device.

IMPORTANT

ADEQUATE, VENTED, AUTOMATIC GAS HEATING is not limited to any particular brand. Buy your equipment from any dealer. Install it in the most desirable place in your home. It may be in the closet, attic, floor, or adjoining garage—wherever it is best suited. This equipment is within the reach of every homeowner. You're sure to be satisfied if you insist on ADEQUATE - VENTED - AUTOMATIC gas heating, thus taking full advantage of natural gas, the world's finest fuel, for greater comfort and health protection in your home.

Mr. and Mrs. R. L. Kollman and
 Mr. and Mrs. C. R. Gaines spent
 Sunday in Kerrville as guests of
 Mr. and Mrs. Frank Richards and
 son, Charles English.

Lt. Hugo A. Schweers, who is at
 home visiting his parents, Mr. and
 Mrs. Hugo Schweers, is on termi-
 nal leave from the Navy. He was
 formerly assigned to the U. S. S.
 Indiana.

Ensign Edward Mechler arrived
 home Tuesday from Savannah, Ga.,
 on terminal leave from the Coast
 Guard. He is visiting his wife at
 Dunlay and his parents, Mr. and
 Mrs. J. L. Mechler, at Southton.

**SORE
 THROAT**

due to colds

Let a little Vicks VapoRub melt on
 the tongue. Works fine, to soothe sore
 throat due to colds and helps relieve
 irritation in upper breathing passage.

To Ease Spasms of Coughing:
 Put a good spoonful of VapoRub in a
 bowl of boiling water. Wonderful relief
 comes as you breathe in the steaming
 medicinal vapors that penetrate to
 cold-congested upper breathing pas-
 sages . . . soothes the irritation, quiets
 fits of coughing, helps clear head.

For Added Relief, rub VapoRub on
 throat, chest, back. Let its famous
 double-action keep
 on working for
 hours as you sleep.

**VICKS
 VAPORUB**

**They're worth waiting for—
 New Maytags...
 coming soon!**

BECAUSE you want the most for your money
 —you want a Maytag. And new Maytags will
 be here soon. Right now, Maytag is making
 washers again, after over two and a half years
 of all-out war work. And what washers they
 are—built for years of efficient, carefree ser-
 vice, with a whole list of exclusive features,
 and many important "post-war" improvements, to carry on Maytag's tra-
 dition of leadership! Come in now and get the facts—and you may be
 one of the first to get your new Maytag.

 automatic
Home Laundry
 is on the way

We've already received
 our first new BENDIX
 —and yours will be here
 soon! They're on the way!
 If you haven't already
 closed your purchase,
 please don't delay. Do
 it now! Help us to help
 you start enjoying your
 own BENDIX as quick-
 ly as possible!

EXCLUSIVE TUMBLE ACTION:
 tumbles clothes through suds 60
 times a minute, yet so gently
 that even fine fabrics launder
 beautifully.

What you do: put in clothes, set a
 dial, add soap.

What the BENDIX does: fills it-
 self, tumbles clothes clean, thoroughly
 tumble rinses, dries clothes ready for the
 line or dryer, cleans and empties itself, and
 shuts off—all automatically! The Bendix
 takes only 4 square feet of floor space—
 fits perfectly in kitchen, bathroom, utility
 room or laundry.

Fires Costly
Every day in the U. S. there are 1,600 fires, 28 deaths caused by fire in 1,000 homes, 130 stores, 100 factories, 7 churches, 7 schools and 3 hospitals.

Airplanes Over Counter
One of Chicago's largest department stores has agreed to open an "airplane department" and will offer a popular, two-place model for sale from a conventional display room.

QUIT DOSING CONSTIPATION!

Millions Eat
KELLOGG'S ALL-BRAN
for Lasting Relief

Harsh laxatives got you feeling down? If yours is the common type of constipation, caused by lack of sufficient bulk in the diet, follow this pleasant way to lasting regularity.

Just eat a serving of crisp, delicious KELLOGG'S ALL-BRAN every day and drink plenty of water! Do this regularly—and if your trouble is due to lack of bulk—you may never have to take another laxative the rest of your life! ALL-BRAN is not a purgative—not a medicine. It's a wholesome, natural laxative food, and—

KELLOGG'S ALL-BRAN is Richer in Nutrition than whole wheat

Because it's made from the vital outer layers of wheat, in which whole-wheat protective food elements are concentrated. One ounce of ALL-BRAN provides more than 1/2 your daily iron need—to help make good, red blood. Calcium and phosphorus—to help build bones and teeth. Vitamins—to help guard against deficiencies. Protein—to help build body tissue essential for growth. Eat ALL-BRAN every day! Made by Kellogg's of Battle Creek and Omaha.

SNAPPY FACTS about RUBBER

Post-war automobiles may ride on rubber springs which will eliminate noise and the necessity for lubrication. B. F. Goodrich has supplied over half a million rubber springs for military landing vehicles.

B. F. Goodrich is now making tires of a new kind of synthetic rubber. The new rubber makes tires wear longer.

Since cotton is of almost equal importance with rubber in the manufacture of tires, the rubber industry is one of the biggest customers of the Agricultural South.

Steel and brass are used in the manufacturing of ordinary passenger car tires.

Star Dust

STAGE-SCREEN-RADIO
Released by Western Newspaper Union.

By VIRGINIA VALE

INGRID BERGMAN'S finished 7½ million dollars' worth of films, all Academy Award material, that haven't been released as yet. Two years ago she did "Saratoga Trunk," with Gary Cooper, but Warners' had a lot of war pictures on hand, so "Saratoga Trunk" was held up, may be released in February. Then she did "Spellbound," which may be out soon. After that came "The Bells of St. Mary's," with Bing, due at Christmas time. Now she's making "Notorious." Then she'll make another USO tour through the Pacific area; after that she'll go abroad for "The Scarlet Lily," to be made in Palestine and Jerusalem—it's supposed to be the life story of Mary Magdalene.

Alice Frost, radio's leading shudder-show charmer, has an album filled with horrible photos of herself—about to be murdered, screaming

ALICE FROST

with fright, etc. One's signed "One of my fondest heroines, Boris Karloff." The pictures were taken on every mystery series she's starred on.

Dennis O'Keefe says it's an empty honor that stole up on him as he was finishing his co-starring role in "Getting Gertie's Garter"—the op-tometrists of Westwood, Calif., voted him the man "best suited to wear glasses"—which he doesn't!

Maj. Allen Martini, whose Flying Fortress, "Dry Martini," holds the world's record for shooting down 15 German planes in 22 minutes, makes his screen debut as an officer of a B-29 in "The Bamboo Blonde." He was production assistant on RKO's "The Falcon's Alibi," and during his college days was identified with Little Theater groups at Palo Alto.

Producer Edward Small, planning to make "The Life of Valentino," can't decide whether to hand the choice role to a star or an unknown. Unknowns have done all right in big parts—Cornel Wilde in "A Song to Remember," Robert Alda in "A Rhapsody in Blue," Jennifer Jones in "The Song of Bernadette." On the other hand, Paramount gambled—to the tune of a million or so—on Isa Miranda, in "Hotel Imperial," and lost, as did Goldwyn with Anna Sten. Still, Small is inclined to take a chance on the man who'll play Valentino.

Reconversion is here on the air as well as in industry, especially in "Superman." He was doing fine with the atom last year, till war department officials asked him to lay off, for reasons of military security. So now he's set to do things with Kryptonite, more powerful than Uranium, with the problems of establishing peace in the world uppermost in his mind.

Robert Cummings will never forget certain scenes in "The Bride Wore Boots," in which he co-stars with Barbara Stanwyck. They were made on location at Hidden Valley, with the temperature past the 100-degree mark. In the script it was Christmas. So Bob wore a heavy, well-padded suit, and a beard, regardless of the blistering sun—he was being Santa Claus.

Fast work on the part of actor-soldier Patrick Lee landed him a screen role while enjoying a two-week furlough. He took a bus from Camp Roberts to Hollywood, hitchhiked to Warners', and by noon was before the cameras in "Her Kind of Man," with Faye Emerson, Zachary Scott and Dane Clark. He said the best part of the job was wearing a blue serge suit for the first time in over two years.

ODDS AND ENDS—Parkyakarkus is grateful for the publicity—a soldier wrote him from a Louisiana army camp that on a certain night recently the password was "Meet Me at Parky's." . . . Best kept secret in Hollywood's radio circles was the recent appearance of Bing Crosby's boys on the opening Frank Sinatra program—it was kept for ten days before the broadcast. . . . "Mr. District Attorney" leads the list of first fifteen evening "Network Hoop-ratings." . . . Jerry Colonna's first film role since his return from an overseas tour with Bob Hope is in the Disney "Make Mine Music"—singing "Casey at the Bat."

Young Moderns Demand Clothes Styled With That 'American Look'

By CHERIE NICHOLAS

laine completes this definitely all-American costume.

There's outstanding style distinction also in the page-boy red wool jumper dress shown to the left. It has all the attributes of youth and style and feminine charm teamed with a practicality and dependable wearability that makes it ideal for classroom and campus wear. Also, it's ever so smart to wear about town. Its weskit top, soft bow at the neck, together with the white striped sleeves of zephyr knit are style convincing. This young original costume has all the qualities that go to make up a "success fashion."

In sports separates the "American look" is outstanding in the new mix - and - match (more mix than match is noted this year) outfits that go in for dashing color contrast. Noted are the chic jackets, sleeveless jerkins and separate weskits with warm knitted sleeves. You will find in the stores such fetching numbers as an aqua wool jersey torso jerkin striped in fuchsia and black worn over an aqua crepe blouse with black sleeves and black collar, the separate skirt also in black. A jerkin that has waist depth buttons across one shoulder and along the underarm seam. It comes in a bright rust color, also in black, and it's chic and "comfy" to wear over a turtle-neck, long-sleeved sweater blouse.

Characteristic features of the important "American look" are seen in wide shoulders that round down softly into the new wing sleeves, in hug-waist and belted effects with bulk at the top, in peg-top skirts and the wrap-around types. Smart as can be are the dirndl-with-contrast-top costumes. With the dirndl that is gaily colorful a waist depth black jersey blouse is top fashion. It is noticed too, that American designers favor gray as a color for smart wool suits and dresses.

Released by Western Newspaper Union.

Dressmaker Touch

Many of the new fabrics are made of rayon and aralac, the latter a new fiber made from casein of milk. Combining fibers in this manner produces lovely soft fabrics with the feel of wool and the drapability of silk. The material used for the exquisitely simple one-piece frock shown is a handsome soft flannel of the new rayon-aralac type. The dressmaker touch is seen in the streamers of self fabric laced through silver eyelets on the blouse and belt. Front tucks, slit pockets and a kick pleat give skirt interest.

Gray Is a Favorite Color This Autumn

Favor for gray is seen throughout the fall collections. For daytime dresses the smartest fabric you can choose is gray flannel. As for gray furs, they are right in the lime-light this autumn. Many of the smartest cloth coats are in gray wool or tweed which is lavished with spectacular gray fur. If you are going to buy a new sweater choose a fine gray Shetland wool. If you want to be the admired one of your group, here's telling you how. With your gray sweater wear a crystal cut necklace with a bracelet to match of crystal beads. Or if you are wearing a simple afternoon gown of gray crepe, give it new sparkle with crystal beads at your throat and your wrist. Returning to the topic of gray, it is that high in favor designers are making exquisite evening gowns of rayon gray crepe draped in sculptural lines. Suits of gray hollow-cut velvet are high fashion.

Velvet Bows Return

Remember when it was the fashion to pin a big velvet bow here or there on one's frock as a glamorous finishing touch? The pendulum of fashion has swung around again to just that. It's smart to have in reserve a velvet bow or more to make your basic dress take on a dressy air. This trimming with bows is an important fashion gesture and the bows are really very flattering.

Fur-Lined Coats Popular

If you believe in preparedness now is the time to take up the matter of buying a fur-lined coat. News from style headquarters is to the effect that more fur-lined coats than ever will be worn this winter. Many of the fur linings are made detachable.

Theft of Federal Property Serious

FBI Handled Grave Problem With Usual Skill.

WASHINGTON.—One of the gravest problems with which the FBI was confronted throughout World War II was the theft of government property. Millions of dollars in irreplaceable tools were lost, and it is to the credit of American industry that this tremendous drain was not allowed to impede our war effort.

During the fiscal year 1945, theft of government property convictions showed an increase of 182 per cent over the same 1943 period. In all, there were 1,815 convictions in this category in 1945, compared with 1,143 in 1944 and 643 in 1943—an alarming increase indeed.

Three civilians were sentenced at Boston for stealing emergency rations and equipment from lifeboats and rafts being outfitted for the United States navy. Their activity, had it not been detected, could have been the direct cause of starvation of shipwrecked men.

At Albany, N. Y., a captain in the quartermaster corps was sentenced for stealing government-owned trucks and tires for his own profit. An army sergeant and three civilians were convicted in the same case.

Approximately \$7,800 in stolen government property was recovered with the arrest of a war worker in the East. In his home the FBI found enough screw drivers, flashlights and other small tools to stock a hardware store. In another instance a war plant employee took home a pocketful of nails each day. The FBI recovered 800 pounds of nails, in small paper sacks, hidden under his porch.

Other FBI investigations involved the theft of \$15,000 worth of equipment from a Florida army air force training school and \$20,000 worth of brass valves used for emergency repairs of warships in New York.

Severe penalties are provided for these offenses. Persons guilty of stealing property belonging to the government or being manufactured by private concerns under army and navy contracts face a maximum of five years' imprisonment and \$5,000 fine. Those receiving stolen property are subject to the same penalties.

Atomic Plane Safeguard On Reverse Propellers

CALDWELL, N. J. — Reversible propellers were installed on the B-29 Superfortresses that dropped the first atomic bombs on Japan to equip them to land in less than is required for a single-engine fighter plane, the Curtiss - Wright corporation, propeller divisions said recently.

Robert L. Earle, vice president and general manager of the propeller division, said the atom-bomb-carrying planes were among the first equipped with reversible propellers. The new propellers gave the plane an auxiliary braking system whereby the angle of the propeller blades could be reversed completely giving a reverse thrust once the plane was on the ground.

Banking Troubles Set Low Record During War

WASHINGTON.—There were fewer banking difficulties during the war than at any time in the nation's history and since May, 1944, no insured bank has been placed in receivership nor has any depositor experienced a loss from the closing of an insured bank, it was disclosed recently by Chairman Leo T. Crowley of the Federal Deposit Insurance corporation.

Preston Delano, comptroller of the currency, announced meanwhile that the assets of national banks on June 30 were nearly \$2 billion dollars, an increase of \$6 billion dollars since last March 30. Deposits on June 30 were nearly \$7 billion dollars, an increase of 8 per cent since March.

2,000 Youngsters Cast Adrift Are Cared For

PITTSBURGH. — More than 2,000 children were cared for by the children's service bureau last year — the offspring of "parents who have not grown up themselves."

Social workers at the bureau characterized some of their problem parents as:

- 1—Mothers who revolted against being both mother and father during the war.
- 2—Fathers who were alcoholics.
- 3—Mothers who were lonely and wanted to go out for a good time.
- 4—Mothers "who just did not want their children and never had wanted them."

British Plane Makes

Fastest Ocean Crossing

LONDON. — The British air ministry announced recently that the fastest recorded east to west Atlantic crossing was made by a royal air force Mosquito recently when it flew from England to Newfoundland, about 2,300 miles, in 7 hours and 2 minutes. It was believed to have knocked five hours off the previous best time for the east to west crossing. The plane averaged 325 miles an hour.

Air Conditioned Trolleys
A fleet of new street cars in Atlanta, Ga., has been equipped with refrigerating units. This will be the first time that passengers can enjoy the benefits of air conditioning.

Cows Need Rest
Every cow needs a rest period of six to eight weeks if she is to produce the most milk during her next milking period.

Ever Try Making Cough Syrup In Your Kitchen?

Quick Relief. No Cooking. Easy!

If you've never tried mixing your own cough medicine, you've missed a lot. It's no trouble—needs no cooking—and gives you about four times as much cough syrup for your money. You'll say it beats anything you ever tried for coughs due to colds. And here's how it's done:—

Make a plain syrup by stirring 2 cups of granulated sugar and one cup of water a few moments, until it is dissolved. Or you can use corn syrup or liquid honey, instead of sugar syrup.

Get 2½ ounces of Pinex from your druggist. Put this into a pint bottle and fill up with your syrup. This makes a pint—a family supply. Tastes fine and never spoils. Children love it.

And as for results, you've never seen anything better. It goes right to work on the cough, loosening the phlegm, soothing the irritation, and helping clear the air passages. You will like it for its results, and not merely for the money it saves.

Pinex is a special compound of proven ingredients, in concentrated form, a most reliable soothing agent for throat and bronchial irritations. Money refunded if it doesn't please you in every way.—Adv.

PAZO for PILES

Simple Relieves pain and soreness

PAZO IN TUBES!
Millions of people suffering from simple Piles, have found prompt relief with PAZO ointment. Here's why: First, PAZO ointment soothes inflamed areas—relieves pain and itching. Second, PAZO ointment lubricates hardened dried parts—helps prevent cracking and soreness. Third, PAZO ointment tends to reduce swelling and check minor bleeding. Fourth, it's easy to use. PAZO ointment's perforated Pile Pipe makes application simple, thorough. Your doctor can tell you about PAZO ointment.

SUPPOSITORIES TOO!
Some persons, and many doctors, prefer to use suppositories, so PAZO comes in handy suppositories also. The same soothing relief that PAZO always gives.

Get PAZO Today! At Drugstores!

Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste

Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.

Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up night, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength.

Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

DOAN'S PILLS

WOMEN '38 to '52'
are you embarrassed by HOT FLASHES?

If you suffer from hot flashes, feel weak, nervous, high-strung, a bit blue at times—due to the functional "middle-age period peculiar to women—try this great medicine—Lund E. Pinkham's Vegetable Compound to relieve such symptoms. Pinkham's Compound helps Nature. It's one of the best known medicines for this purpose. Follow label directions.

Sweet Potato Is Rich Food

The sweet potato outranks all other carbohydrate foods as a source of nutritive elements, such as carbohydrates, vitamins and minerals. It is particularly high in vitamin A. At the present time the American public is eating 126 pounds of Irish potatoes per capita, while they eat only 22 pounds of sweet potatoes per capita. As a human food, the sweet potato has just begun to find its place in the American diet. Louisiana now has five dehydrating plants and many potatoes are being conserved in this form.

White Blackberry Is Self-Sterile

The white-fruited blackberry which Dr. W. A. Murrill, well known botanist, discovered several years ago has proven to be self-sterile and can be propagated only vegetatively. After five years of breeding experiments with this rare form the retired scientist has proven that it does not reproduce from seed and that it is unfruitful unless pollinated. All the plants he grew from seeds taken from white fruits produced black berries.

Neighbors Will Appreciate Garden Gift Basket

(See Recipes Below)

Garden Gifts

Now that we once more have peace all over the world, we all ought to start our good neighbor policy right at home. Lots of little friendly gestures that mean so much have been forgotten during the war, but they should be reinstated.

Something that all of us with a garden can do is to share with a neighbor. There are probably lots of things that you yourself cannot use that would be welcomed by a neighbor. Send a basket of garden vegetables or fruit, all dressed up with fancy wrappings and ribbon, and see what a friend you can make. Incidentally, include a lemon or two to make it handy for the homemaker to season either fruit or vegetables.

Another gift that will be welcome is a set of your favorite recipes, with or without a basket of garden produce. Every woman has a few choice dishes which her friends have asked for, and it makes for more friendliness to be generous with the instructions.

Here are some brief suggestions which I'd like to pass on to you, particularly for vegetables:

If you find yourself short of salad dressings for a tossed salad, sprinkle 2 or 3 tablespoons of oil on the individual salad then squeeze lemon juice generously over this, salt to taste and toss the salad lightly.

To make a good, old-fashioned cole slaw, add the following amounts to 2½ cups of shredded cabbage: ¾ teaspoon salt, 1½ tablespoons sugar, 6 tablespoons coffee cream, and 3 tablespoons of lemon juice.

In making pickled beets, cook the beets first, then slice and cover with equal parts of lemon juice and water. Add sugar to taste, and slices of sweet onion, if desired.

Now that fall has come, we can start turning our attention to heartier foods again. Cabbage is a good vegetable to use because it is coming in season:

Stuffed Cabbage.

(Serves 5 to 6)

3 tablespoons uncooked rice
1 pound ground beef
1 egg well-beaten
2 tablespoons minced onion
2 teaspoons salt
½ teaspoon pepper
8 medium to large cabbage leaves

Lynn Says:

Refrigerate Your Foods: Refrigeration is necessary to most foods not only to preserve their appearance and palatability, but also to prevent food spoilage.

In most cases, temperatures of 40 degrees will take care of the situation. This temperature is best maintained.

Meat, milk, vegetables and fruits are extremely perishable and should be refrigerated immediately. Root vegetables do not need as low as 40 degrees and may be kept out of the ice box. Bananas need never be refrigerated.

Keep all foods covered except meat. Cover it lightly with waxed paper.

Fruit needs chilling, not freezing.

The crisper or open dish or even paper cartons are excellent for keeping eggs in the refrigerator.

Meat needs the coolest place in the refrigerator—right under the freezing unit. Bacteria multiply very rapidly unless it is well protected.

Lynn Chambers' Menu.

Swiss Steak with Gravy
Browned Potatoes
Buttered Cabbage
Fresh Fruit Salad
Whole Wheat Bread Jam
Baked Apples

2½ cups canned tomatoes
1 tablespoon flour
4 tablespoons sour cream
½ teaspoon salt

Cook rice in boiling salted water until tender. Drain and rinse. Mix rice, ground meat, egg, onion, salt and pepper. Steam cabbage leaves in ½ cup water for 10 minutes. Fill leaves with meat mixture (½ cup to each leaf), fold leaf over meat and fasten with a toothpick. Arrange in saucepan, add tomatoes, bring to a boil, then simmer gently for 1½ hours. Mix flour, sour cream and ½ teaspoon salt to a paste; remove cabbage balls to a dish and stir sour cream and flour mixture into tomatoes. Bring to a boil quickly and pour over cabbage rolls and serve.

A favorite pie for fall, and incidentally a nice recipe to tuck into one of those gift baskets, is one for this unusual Green Tomato Mincemeat Pie. It's spicy and fragrant, bound to please:

Green Tomato Mincemeat Pie.

1 peck of green tomatoes
1 quart sliced apples, fresh or dried
1 pound seedless raisins
Salt
1 pound suet, chopped
Cinnamon, nutmeg, cloves
2½ pounds brown sugar
3 lemons
Water

Wash tomatoes. Cut in small pieces. Sprinkle with salt. Let stand overnight. Drain. Add sufficient water to prevent sticking. Cook 30 minutes, stirring frequently. Add lemon juice, grated rind and white of 1 lemon, cut in small pieces. Add apples, suet, raisins and sugar. Add spices to taste and a few grains of salt. Simmer slowly, stirring frequently, until tomatoes and apples are tender and flavors are blended. Pack in freshly sterilized jar and seal. Line a 9-inch pie pan with pastry and fill with 2½ cups of the tomato mincemeat mixture. Cover top with pastry, flute edges and bake in a 425-degree oven for 35 to 40 minutes.

Two vegetables which we miss during the other seasons are ready to take their bows now. You will like both green tomatoes and eggplant prepared in this fashion:

Stuffed Eggplant.

(Serves 6)

1 eggplant
½ teaspoon pepper
4 tablespoons butter
4 tablespoons cracker crumbs
½ teaspoon salt
4 tablespoons milk
½ cup grated cheese

Eggplant may be cooked in boiling water for five minutes before scooping out. Cut slice from top or cut in half lengthwise. Remove pulp and mix with other ingredients. Refill shells and cover with cheese and crumbs and bake in a moderate (350-degree) oven for 30 minutes.

Green Tomato Fritters.

(Serves 6)

1½ cups flour
2 teaspoons baking powder
¾ cup milk
¼ teaspoon salt
1 egg, well beaten
6 green tomatoes, sliced ½ inch thick

Beat egg, add to milk. Mix flour, baking powder and salt. Combine with liquid and mix to a smooth batter. Sprinkle sliced tomatoes with salt and pepper. Drain on absorbent paper and dip in batter. Fry in deep fat until golden brown. Other raw vegetables may be prepared in this way.

Released by Western Newspaper Union.

Fattening Lambs

One help in putting weight on lambs is to keep sheep and lambs free from parasites, especially nodular worms and stomach worms. Infestation with parasites holds back growth and increases feed costs. Serious losses from parasites can be prevented by providing clean pasture, by the use of phenothiazine and by taking other precautions.

Bike Passenger

You invite disaster when you carry another person on your bike.

Egg Eating

Egg eating by chickens is a habit usually developed by young pullets. This costly habit can be prevented by providing plenty of nests—one nest for each six birds—so eggs will not be broken by nest crowding at laying time. All nest bottoms can be kept well padded with litter such as hay, straw, cottonseed, shavings, so eggs will not be broken as they are laid. If the egg-eating habit has gone so far that some of the birds break the eggs themselves, it may be necessary to remove those birds from the flock for a few days or dispose of them entirely.

Heating Safety

One of the most notable innovations in safe heating is the wet base boiler in which water circulates under the ash pit. The fact that the boiler can be placed on a combustible floor is of interest in connection with the trend toward the basement-less house. In such houses it is often desirable to install the boiler on a wooden floor in a utility room or kitchen. Other safety features of modern boilers are foot-treadle door openers, ball-shaped, air-cooled handles and side shakers, making it easier to open and close doors.

Whip Soap Flakes

Whip your soap flakes in a little hot water with an egg beater and you will need fewer flakes and get better results.

Apple Picker

Watch the experienced apple picker at work and you will see that he sets his ladder properly and keeps balanced on it so he works as freely as he does on the ground.

Picker's Clothes

One of the first things the apple picker should do is to see that he has clothes for the job that protect the skin and help prevent accidents. They should be fitted for bending, be snug at the neck, ankles and wrists, and have usable pockets.

Bacteria Threat

An improperly cleaned milking machine may add millions of bacteria to the fresh milk that passes through the machine.

Bath Banishes Blues

According to etymologists, the English word "bath" comes indirectly from a Greek word meaning "to drive sadness from the mind." Which goes to prove again that the classic Greeks were a modern people and that they knew the full value of bodily cleansing. Bathe frequently and thoroughly, and thus "drive sadness from the mind."

Keeps Mouth Shut

The reason a dog has so many friends is that his tail wags instead of his tongue.

Canned Carp

A Minnesota manufacturer is about to can carp and market it, graded, tuna-style, under the name of "Lakefish."

Good—and Crisp!

Kellogg's RICE KRISPIES

"The Grains Are Great Foods!"
H. H. Kellogg

Kellogg's Rice Krispies equal the whole ripe grain in nearly all the protective food elements declared essential to human nutrition.

SLOAN'S LINIMENT

What you NEED is

There's a Firestone TIRE Built for Every Wheel that Rolls on the Farm

FOR your tractor... for your truck... for your car, and for every other farm use, there is a Firestone tire engineered and built to do the job — and to do it better than any other tire made.

There are certain definite reasons why Firestone tires perform better and last longer. One is Firestone's understanding of farm tire requirements based on years of experience in the farm tire field. Another is the never-ending Firestone research and development program to build the best today — and make it still better tomorrow. And still another vitally important reason for the superiority of Firestone tires is the fact that they are built by the finest craftsmen using the finest materials that science and machines can produce.

You can save time, money and do a better job of farming if you specify "Firestone" every time you buy a tire for your farm. From now on make it a Firestone.

For the best in music, listen to the "Voice of Firestone" every Monday evening over NBC network

HONDO, TEXAS, OCT. 19, 1945

NOTICE OF ROAD BOND ELECTION

THE STATE OF TEXAS

COUNTY OF MEDINA

TO THE QUALIFIED VOTERS
RESIDING IN MEDINA COUNTY,
TEXAS, WHO OWN TAXABLE
PROPERTY IN SAID COUNTY
AND WHO HAVE DULY REN-
DERED SAME FOR TAXATION:

TAKE NOTICE that an election
will be held on the 10th day of No-
vember, 1945, within Medina Coun-
ty, Texas, to determine if said
County shall issue Road Bonds, and
if an ad valorem tax shall be levied
in payment thereof, in obedience
to an election order entered by the
Commissioners' Court of Medina
County, Texas, on the 8th day of
October, 1945, which is as follows:

THE STATE OF TEXAS

COUNTY OF MEDINA

On this the 8th day of October,
1945, the Commissioners' Court of
Medina County, Texas, convened in
regular session, at the regular meet-
ing place thereof, in the Court-
house in Hondo, Texas; whereupon
there came to be heard and consid-
ered the Petition of W. C. Scott
and more than two hundred and
fifty resident property taxpaying
voters of Medina County, praying
that an election be ordered in said
County for the purpose of deter-
mining whether or not the bonds of
said County shall be issued in the
sum of Eight Hundred Thousand
Dollars (\$800,000.00) for the pur-
pose of constructing, maintaining
and operating macadamized, gravel-
ed or paved roads and turnpikes,
or in aid thereof, within and for
said County, and whether or not an
ad valorem tax shall be levied upon
all property in said County subject
to taxation, for the purpose of pay-
ing the interest on said bonds and
to provide a sinking fund for the
redemption thereof at maturity; and

It appearing to the Court that
said petition is signed by more than
two hundred and fifty resident
qualified voters of Medina County,
who own taxable property in said
County, and who have duly render-
ed the same for taxation; and

It further appearing that the
amount of bonds to be issued will
not exceed one fourth of the as-
sessed valuation of the real prop-
erty of said Medina County, and
that said bonds may be issued under
authority of Section 52, of Article
3, of the Constitution of the State
of Texas, and the laws enacted pur-
suant thereto;

IT IS, THEREFORE CONSID-
ERED AND ORDERED by the
Commissioners' Court of Medina
County, Texas, that an election be
held in said County on the 10th day
of November, 1945, which is not
less than thirty days from the date
of this order, at which election the
following Proposition shall be sub-
mitted:

"Whether or not the bonds of
Medina County, to be known as
"Medina County Road Bonds" be
issued under authority of Section
52 of Article 3 of the Constitution
of Texas and laws enacted pursu-
ant thereto, for the purpose of con-
structing, maintaining and oper-
ating macadamized, gravelled or paved
roads and turnpikes, or in aid
thereof, within and for said County.

HEADACHE IS SUCH A BIG LITTLE THING

ALL SET for a good full day's
work when a nagging head-
ache sneaks up on you. You suffer
and so does your work.

Ready for an evening of relax-
ation and enjoyment—a pesky
headache interferes with your fun,
rest, enjoyment or relaxation.

DR. MILES

Anti-Pain Pills

usually relieve not only Head-
ache, but Simple Neuralgia, Mus-
cular Pains and Functional
Monthly Pains.

Pills? If not why not? You can
get Dr. Miles Anti-Pain Pills at
your drug store in the regular
package for only a penny apiece
and in the economy package even
cheaper. Why not get a package
today? Your druggist has them.
Read directions and use only as
directed. Your money back if you
are not satisfied.

Said bonds to be issued in the
amount of Eight Hundred Thou-
sand Dollars (\$800,000.00), bearing
interest at a rate not to exceed
two and one-half per cent (2½%)
per annum, and to mature at such
times as may be deemed most ex-
pedient by the Commissioners'
Court, not to exceed twenty-two
years from date of said bonds; and
whether or not ad valorem taxes
shall be levied annually for the
purpose of paying the interest on
said bonds and to provide a sinking
fund for the redemption thereof at
maturity."

That said election shall be held
under the provisions of the laws of
the State of Texas, and all persons
who are legally qualified voters of
this State and County, and who re-
side and own taxable property in
said Medina County, and have duly
rendered the same for taxation,
shall be entitled to vote at said elec-
tion.

All voters desiring to support the
proposition to issue the bonds shall
have written or printed on their
ballots the words "FOR THE IS-
SUANCE OF THE BONDS AND
THE LEVYING OF AD VALOREM
TAX IN PAYMENT THEREOF"
and those opposed shall have writ-
ten or printed on their ballots the
words "AGAINST THE ISSUANCE
OF THE BONDS AND THE LEVY-
ING OF THE TAX PAYMENT
THEREOF".

The polling places and presiding
officers of said election shall be as
follows:

House, in Mico, Texas; Alton See-
katz, Presiding Officer and Alfred
Haby, Judge.

The manner of holding said elec-
tion shall be governed by the gen-
eral laws of the State of Texas re-
gulating general elections.

Notice of said election shall be
give by publication of a true copy
of this order, signed by the County
Judge, in a newspaper published
within the County, once each week
for three consecutive weeks prior
to said election, and in addition
thereto, there shall be posted true
copies of this order at four public
places in the County, one of which
shall be the Courthouse Door, in
Hondo, Texas, for three weeks
prior to the date of said election.

The County Clerk is hereby di-
rected to cause said Notice to be
published and posted as herein-
above directed.

The above order being read, it
was moved and seconded that same
do pass. Thereupon, the question
being called for, the following mem-
bers of the Court voted Aye: Com-
missioners John G. Britsch, Her-
man J. Bippert, Oscar W. Tondre
and Fred W. Bowman; None vot-
ing No.

ARTHUR H. ROTHE
County Judge, Medina County,
Texas.

THIS NOTICE IS GIVEN, in
pursuance of said order, this the
19th day of October, 1945.

[L.S.] S. A. JUNGMAN
County Clerk, Medina County,
Texas.

D'HANIS GIRL WINS POSITION

Denton, Texas, Oct. 1945—Qual-
ifications of scholarship and citi-
zenship have earned for Miss Vivian
Lena Biry, of D'Hanis, the position
of student assistant at Texas State
College for Women. She has been
assigned to the library.

Miss Biry, a junior student
majoring in business education, is
the daughter of Mr. and Mrs. Hy.
A. Biry, of D'Hanis.

YOUR ADVANTAGE

The advantage is yours, when
you call for delicious PEARL
Beer. It's an advantage in qual-
ity, backed by over 59 years of
continuous brewing experi-
ence; of fine flavor, achieved
by the use of finest ingredi-
ents; of zestful tang, secured
by full aging in one of the na-
tion's most modern breweries.
One taste of PEARL Beer's
mellow goodness will tell you,
more than a thousand words,
why it has been "thirst-
choice" of three generations
of taste-wise Texans. You'll
drink PEARL Beer with
pride; serve it with pleasure.
